THE GREAT WIDE-TRACK DRIVE IS ON!

There's very little difference between Wide-Tracking in a Pontiac and ordinary driving... in dollars. A big, powerful Wide-Track Pontiac costs no more than some of the so-called low-priced cars. So if you're settling for less than a 400 cubic inch V-8 and a big-car 121-inch wheelbase, stop settling. Start Wide-Tracking. The drive is on. See your Pontiac dealer. He's out to smash sales records for the 7th straight year!

Blind to Benefit From Hobby Show

Works by sightless children of the Foundation for the Junior Blind will be featured in the central exhibit area at the Southern California Hobby Ceramics Show, scheduled Thursday through Sunday at the Ambassador Hotel in Los Angeles.

Bar-B-Que Festival Planned

Ticket sales drives for the 20th annual Rancho San Antonio benefit Bar-B-Que Festival will be launched this Sunday at St. Margaret-Mary and Nativity Catholic Churches.

The benefit will help finance operations at Rancho San Antonio—Boys' Town of the West—in Chatsworth, according to Tom Carr, chairman of the ticket drive being sponsored by St. Gerard's Council 4919 of the Knights of Columbus.

The barbecue is the first event of a \$300,000 fund drive to provide staff quarters, dining and kitchen facilities now under construction at Rancho San Antonio.

Rancho San Antonio is operated by The Christian Brothers. Some 100 boys and young men are residents of the rancho at the present time.

The fiesta and barbecue is scheduled Sunday, April 28, from 11:30 a.m. to 8 p.m. on the rancho grounds.

St. Gerard's Council will hold an open house next Monday at the Nativity Parish Hall. The public is invited to attend and see a film which tells the story of Rancho San Antonio.

Co-Chairman Harold (Bob) Meecham, of Manzo's Ceramics in Redondo Beach, said some of the work done by the blind youngsters for this year's show has reached professional standards.

Meecham said the credit is due in large part to the new methods developed by Mrs. Alice Ashby of Long Beach for teaching the sightless.

Mrs. Ashby has been teaching children under the auspices of the Ceramic Hobby Crafts Associates of Southern California, sponsors of the show. The association is comprised largely of teaching studios and ceramic supply houses in the southland and supplies of all the materials for the foundation's ceramics workshop.

Meecham and Mrs. Jeanne Ward of South Pasadena are in charge of the 1968 show, which will be open all four days from 1 to 10 p.m. Mrs. Ward is president of the association's board of directors and Meecham is a vice-president.

This year's show will feature works which have been completely finished in the Foundation's workshop. Kilns were installed at the Foundation last year by the association, Local 11 in the International Brotherhood of Electrical Workers, and the Electrical Contractors Association.

CAMPUS THEATER FILM

Producer to Narrate Underwater Footage

HARRY PEDERSON
Exploration of the seas during the 20th Century may rival the challenges faced in the conquest of space.

"Village Beneath the Sea," a classic among underwater films, will be presented by its producer, Harry Pederson, in the El Camino Campus Theater next Monday at 8 p.m.

Pederson, one of the world's leading authorities in undersea behavior, handles the deceptively tranquil subject of the sea in a way to expose the stranger-than-fiction truths of undersea life.

Pederson and his brother, Verne, are underwater photographers. Their film footage is seen in such motion pictures as "The Sea Around Us," "Twenty Thousand Leagues Under the Sea," and "Mysteries of the Deep," by Walt Disney.

Pederson has also provided illustrations for Time and Life publications' "The World We Live In" and "The Sea." The film, "Village Beneath the Sea," was more than 10 years in preparation and Pederson lectures in person with his color film in order to promote wider public knowledge and appreciation of the world beneath the sea.

"Village Beneath the Sea" is the third in a series of "World Around Us" lectures presented by El Camino. The final lecture will be presented

March 25 in the Campus Theater when Kenneth Armstrong will present "Laos... the Relaxed Crisis."

Tickets are \$1, and will be available in the campus bookstore and at the door the night of the lecture.

Merger Plan Gets Initial Approval

Merger plans between Civic National Bank of Marina del Rey and Gateway National Bank have been approved by directors of both banks, according to a joint announcement by O. Rey Rule, Gateway president, and Fred Kosaka, acting president of Civic National Bank.

The merger is subject to approval by shareholders of both banks and by regulatory agencies.
